FIRST IN RESULTS TO ADVERTISERS NUMBER 3

This Year's Fair Voted "Biggest, Best Ever Held"

Lake County Fair Here Is Viewed by 6,000 During Three Days

There were 6,000 paid admissions to the eighteenth annual Lake County fair here Friday, Saturday and Sunday, according to E. E. Elsbury of Gurnee, general secretary of the fair. There were 3,800 paid admissions last year. More than 3,000 attended Saturday afternoon and evening.

With regard to its program and exhibits, this year's fair was also considered to be outstanding.

As in previous years the horse show, staged Friday and Saturday evenings, with finals Sunday afternoon, was one of the biggest drawing cards. Sixty-one horses representing 39 of the finest stables in Lake, Cook and McHenry counties in Illinois, and Kenosha, Racine and Milwaukee counties in Wisconsin, took part in the various horse show features.

Dr. L. E. Bovik, Waukegan, served as announcer, with Joseph Jasper, Wadsworth, and Charles Houston, Libertyville, as judges. On the committee were Elsbury, Jack Connelly and William Chandler.

Miss Marion Connelly, of Gurnee, who thrilled patrons of the fair with her daring "Roman ride" exhibition atop Jedra and Kahlan, beautiful Arabian horses from the R. Douglas Stuart stables, also won one of the major horsemanship events, with Kahlan. Lynn and Lyman Miller, Antioch, were winners in the children's pony class.

A special thrill for those who attended the fair was provided by the aerial show staged by Jim Daring.

The Lake County chorus made its last official appearance of the season Saturday evening when it sang over a loudspeaker system in front of the grandstand.

In the exhibits of school work, Warren Township took first place for high schools, Antioch Grade for schools of more than one room, and Cedar Lake and Russell first and second, respectively, for one-room schools.

Winning Exhibits

Winners of awards in the fat stock display sections and in the competitive sections of the domestic science and vegetable departments of the fair, were announced by E. E. Elsbury, secretary, as follows:

"Be Careful Coming Home Labor Day," Motor Club Warns

Forty persons may lose their lives on Illinois and Indiana highways during the Labor day week-end, says Charles M. Hayes, president of the Chicago Motor club, basing his forecast upon the Labor day accident reports of the last three years and the fourth of July totals of this year.

Between twenty-five and thirty may be killed in Illinois, and from ten to fifteen in Indiana. In both states hundreds will suffer injuries.

In almost every case traffic accidents resulting in death and serious injury during a long week-end have been concentrated on the afternoon and evening of the last day. The club president points out that this situation develops from the lack of appreciation for the fatigue generated by an active week-end, especially among office workers not used to considerable physical exercise.

"Too many times," he says, "these tired motorists leave their chosen vacation spots at a late hour on the last day. They are tired, encounter heavy traffic, and try to get home too quickly for the general traffic conditions. The resulting speed and carelessness lead to serious accidents. Even those who are careful are too often the victims, because of the shortcomings of the other driver."

Highway accidents throughout the nation are showing an increase. State traffic officials are looking forward to the last big week-end with a definite foreboding. Highway police officials are mustering all available manpower in an effort to cope with the situation.

Jim Londos to Meet Martinez

The "Gorgeous Greek" Will Wrestle Big Spaniard at Grayslake Friday

No grappling match in years has created as much interest among mat addicts as this week's bout, Friday, August 29, featuring the Gorgeous Greek, Jim Londos, of world wide fame against Ignacio Martinez, sensational Spaniard, at Peg's arena in Grayslake. Martinez is burning up the local mats with his sizzling pace and his last two tries at Peg's he flattened Jim McMillen and the Hindu, Nanjo Singh. Londos who claims the International mat title, is on a cross country tour, meeting all contenders, in an effort to clarify the heavyweight title situation. Since returning from a world tour several months ago, he has been appearing in various cities in behalf of the Greek relief fund, and has been successful in raising thousands of dollars for that worthy cause. Critics who have seen him perform are unanimous in their plaudits, saying that he has lost none of his cunning, and still maintains the form that placed him on top of the mat heap through the thirties, when he was recognized as undisputed heavyweight champion of the world. In those days, the name of Londos was magic at the box office and attendance records were set that will stand. The largest gate was at Wrigley Field, Chicago, where \$110,000 was paid by the fans to see the Greek defeat Strangler Lewis. The way reservations have been pouring in for Friday night's extravaganza, it appears that Londos has lost none of his customer appeal. The initial appearance of Jeems in the local spot is causing the promoter to build additional seating capacity.

Sought Bout for Year

Martinez is the surprise athlete of the year and it is strange that he should meet Londos in the most unexpected place of Grayslake when he has been seeking this same match for almost a year all over the western hemisphere. The big Spaniard, who weighs 230 pounds is shooting for the world mat title and his success in this country has been phenomenal.

The supporting matches will be made up of the best names to be found in these parts and will feature among others, the giant Hippo Wiggins, 420 pound youngster who defeated Von Schacht last week in 10 minutes, Gorilla Grubmeyer, Rudy Kay, Nick Elitch, and Bobby Bruns. Despite this unusual card there will be no advance in prices, Manager Peg Behning states.

Copper Roof Is Put on Methodist Church Steeple

Workmen were busy this week putting a copper roof on the steeple of the Antioch Methodist church. The work is being done under the charge of the Burlington Roofing company, which recently completed similar jobs at Dixon and at Harvard, Ill. From here, the men will go to Duquenois, La., for another job along the same line.

New Duties Prompt Stearns' Retirement as Local Fire Chief

Work as Deputy State Fire Marshal Calls Him to Other Counties

His new duties as a deputy state fire marshal may make necessary the retirement of James E. Stearns as chief of the Antioch fire department, a position he has filled with great credit for more than 16 years, it has been revealed this week.

Stearns has been assigned to investigation and instruction work in Lake, McHenry, Boone, DuPage, Kane and DeKalb counties.

Although obliged to give up the responsibilities of chief, Stearns will continue to be a member of the department, probably returning to the status of engineer which he held before his appointment in 1927. He will continue as a member of the village board and as Republican committeeman for Precinct 2.

He will probably present his petition to be relieved of the duties of chief at a meeting of the fire department Tuesday evening, Sept. 9. His successor will be chosen by members of the fire department, subject to the approval of the village board.

Prominently mentioned for the post have been Herman Rosing, assistant fire chief and first lieutenant of the rescue squad; Louis Van Patten, a veteran in the department; Cletus Vos, Walter I. Scott, Herman Holbek, captain of the rescue squad, and James McMillen.

During Stearns' term of office the Antioch fire department, which serves a large circle of adjacent territory as well as the village, has been developed into one of the most efficient and best equipped volunteer departments in this part of the state.

Jalopy Race Finals Will Be Conducted at Wauconda Labor Day

A twenty-five lap final event with the leading jalopy drivers in this part of the state competing for prize money and the championship trophy will feature the Labor Day racing program on the Griswold Bowl speedway, located four miles west of Wauconda off Route 176 on McHenry road.

Four Antioch youths, Robert Bems, Calvin Harden, Harold Gaston and Robert Gaston are "conditioning" a jalopy they hope to be able to enter in the races.

In addition to the big race of the afternoon, there will be several elimination heats, a special reverse event, and a grudge race precipitated by a ruling of track officials two weeks ago. The judges disqualified one of the leading drivers for violating racing rules when he appeared to crowd one of the jalopies off the oval in the feature event.

Two of the speedsters involved in the incident have agreed to settle the dispute by meeting in a special heat. This affair should present speed enthusiasts with plenty of thrills, since each jeep pusher will be out there fighting for more than prize money or the racing trophy.

The backwards event will show the driver's ability to handle a car rather than the speed that he can get out of it. Each auto must complete three laps in order to finish the contest, the first time around the course in reverse, the second trip forwards, and the final lap in reverse.

Labor Day's racing card will bring out a real battle for points awarded to first and second place cars toward the trophy given to the championship jalopy driver of northern Illinois. Since the feature race Monday will be increased to twenty-five laps, twice the number of trips around the bowl in preceding features this summer, the points also will be doubled, giving any one of the leading drivers a chance to oppose Leonard Kranz for the top spot in the standings.

Hiram Colegrove Dies at Peoria

Son of Pioneers Passes Away at Age of 82; Burial at Pontiac

Hiram L. Colegrove, 82, died in the state hospital at Peoria, Friday.

He was born on the old Colegrove farm near Antioch, and was the son of Hiram S. and Julia Ann Colegrove, Lake county pioneers.

Surviving is his sister, Miss Edith Colegrove.

Burial was at Pontiac, Ill., where his wife is also buried.

Farmers of Four States Plan Mass Meet At LaCrosse

Dairymen Protest Promotion of Oleomargarine Sales by Govt.

LaCrosse, Wis. (Special)—Farmers throughout the middle west, angered and thoroughly aroused over the federal government's order promoting the sale of oleomargarine to the detriment of the dairy industry, will assemble here by the thousands on Sunday, Aug. 31, for a mass meeting to adopt and forward to Washington strong protests. The meeting, to be called at 1:30 p. m., will be at the Inter-State Fair grounds.

They will demand, in what agricultural leaders of Illinois, Wisconsin, Minnesota and Iowa expect to be only the start of a fight for the protection of human rights in a period of drastic national emergency, that the dairy industry be permitted to operate as it has in the past, without government interference, in an effort to fathom out its own solution to an acute problem.

There is no necessity, they contend, for the federal government to initiate any camouflaged steps that will wipe out in the future the dairy industry that has been so vital to the north, which has rugged terrain and conditions that make it unsatisfactory for any great agricultural purposes except dairying.

It is the feeling of those sponsoring the conference—prompted by meetings of agricultural leaders held during the past several weeks in Chicago, Madison, and other cities throughout the area—that any move on the part of the federal government that will tend to discredit the butter manufacturing industry eventually will wipe out the farmers' annual average income of some \$1,165 from the dairy industry.

Ralph E. Ammon, director of the Wisconsin department of agriculture, who has been leading the fight in Washington, D. C., in behalf of the dairy states against the federal oleomargarine regulations to be placed in effect Sept. 6, will be the principal speaker. Governors of Minnesota, Illinois, Iowa and Wisconsin will be present, as well as the U. S. senators and congressmen from the four states.

Dynamite Hurls Piece of Stump Through House Roof

While workmen were blasting out the stump of a large tree in Woodcrest subdivision at Channel lake Tuesday morning, preparatory to excavating the cellar for a new house, a fragment of the stump was hurled through the roof of a house 200 feet away. The piece of wood, estimated to weigh about 100 pounds, also broke through a wall between two of the rooms in the house.

The building is owned by James D. Ryan, but was untenanted at the time.

Another piece of the stump, weighing about 200 pounds, was hurled into the lake, landing near a boat. Steve Ryzeo, occupant of the boat, towed the wood to shore.

Antioch firemen and rescue squad members, kept "on the jump" by innumerable calls all summer, enjoyed a vacation last week. There were no calls for either group, although both "stood by" during the Lake County fair last week-end on the high school grounds, and the rescue squad's big benefit dance at the Roller Rink tent, corner of Routes 173 and 59.

Staff Changes Announced for Local Schools

Changes Made in Teaching Personnel at Grade and High School

Three new teachers will begin their duties on the teaching staff of Antioch Township high school with the start of the fall session Tuesday, Sept. 2, according to information from the office of Principal J. O. Austin.

Miss Margaret Van Raden, who taught previously at Pleasant Prairie, German Valley, Illinois, will take the place of Miss Ina Leland as school librarian. Miss Leland, who has been here for two years, is going to Bloomington, Ill. In addition to her library duties, Miss Van Raden will also teach English courses. She studied at the University of Southern California, Wisconsin University and at the University of Illinois.

Milton Weiss, a graduate of the University of Chicago, is taking the place of George Ergang, former assistant coach. Weiss will also serve as a teacher of history. Ergang has accepted a position in the steel manufacturing plants at Gary, Ind.

C. A. Wolfenbarger, who taught previously at Pittsfield, Ill., will serve as science teacher and will also succeed Reuben H. Childers as coach and physical education director for the boys.

Registrations of new pupils at the school is being conducted this Friday and Saturday. Changes in spring registrations, and the sale of textbooks, locks and school supplies is also being held.

School will open for freshmen only on Sept. 2, for upper classmen only on Sept. 3, and regular classes will start Thursday morning, Sept. 4, at 9 o'clock, daylight saving time.

On Tuesday and Wednesday the school will close at noon. The cafeteria will not open until Thursday.

During the summer recess the janitors at the school, Earl Horton and Clarence Cunningham, have re-finished the floors, washed and painted side walls where necessary, and done other renovating and redecorating work. Woodwork on the outside of the building has been re-painted.

Changes at Grade School

Antioch Grade school will also reopen on September 2.

Changes are likewise to be noted on the staff there. R. E. Clabaugh, principal, states.

Wallace McIntyre, who taught sixth grade last year, has been called into the army and has been granted a leave of absence by the grade school board until such time as his army duties shall end. McIntyre's home is at Cornell, Ill., and he was called into service from there.

His place will be filled by Virgil Newlin of Cissna Park. Newlin received his degree from State Normal university at Normal, Ill., and taught last year at Clinton, Ill.

Mrs. Clayton Bartlett, the former Miss Catherine Smith, who taught the 5th grade at Antioch Grade school last year, may be called back to start the term in the event the board is unable to fill the position before the first of the week. A teacher had already been hired to teach this grade, but had asked a few days ago to be released from her contract in order to accept another position, and the request was granted by the school board.

The school plans to continue furnishing transportation to children living more than a mile and a half outside the school district, and has awarded the contract to K. G. Rockenbach of Grayslake, who has a number of busses equipped for meeting all "state aid" requirements. In past years, it is reported, transportation expenses were borne entirely by the district, without assistance from the state.

The school district extends about three miles east from Antioch and on the west it reaches as far as the end of Sylvan Beach road to the north and past Linden lane on Route 173. A total of about 32 miles, 16 in the morning and 16 at night, is covered by the school bus each day.

Aces To Play Rubber Game At Glen View

The rubber game of the series between the Antioch Aces and Glen View will be played Sunday afternoon on the latter's field at Glen View. Each team has won a game, Glen View winning on July 6 at Antioch 7 to 5; and the Aces winning the second game 9 to 2 at Glen View.

Manager L. Lasco hopes to have his team in tip-top condition to cop the third game and the series from their Glen View rivals.

1,000 Enjoy Dance At Roller Rink

Rescue Squad Pleased by Community's Response at Benefit Event

Pleased by the community's response which made the dance sponsored by the Antioch Rescue Squad at the Roller Rink Tuesday night an outstanding success, the committee today expressed appreciation to the public for their co-operation. The committee announced a net profit from the event that is expected to exceed \$800, which will be used to obtain additional equipment for first aid and life-saving work.

The committee headed by Clete Vos, and the entire personnel of the squad are especially grateful to summer residents for their help in selling tickets for the event and to William Navigato, who donated the use of his roller rink and cooperated in other ways to make the dance a success.

The success of the event is regarded as a splendid testimonial to the public spirited men of the rescue squad who are rendering a valuable and efficient service. They serve without pay.

The throng enjoyed the music of Kenny McCord's orchestra, which played modern music and responded to requests for many old time numbers.

The squad members are also grateful to the party and express appreciation for the many donations received.

J. L. ("Red") Waters is announced as winner of the "grand award" of a boat and motor, valued at \$225.

"Homecoming Fete" Sunday at St. Peter's Will Attract Many

Buffet Supper and Evening of Entertainment Planned by Parish

Visitors from many other cities as well as from the vicinity of Antioch are expected to attend the annual "Homecoming Festival" of St. Peter's parish Sunday, August 31, in the parish hall.

The festival will open at 6 o'clock when a buffet supper will be served, and will continue until 11 p. m.

Games, music and refreshments are planned. Serving of the supper will be under the charge of women of the parish, with Mrs. August Teichert as chairman.

General committees for the evening will include Mmes. William Walters, May Heydenreich, Lucy Himens, Lester Osmond, Maud Hurlgen, Arthur Meyer, Frank Roblin, Conrad Walters and Thomas Runyard; the Misses Mabel Brogan, Bernice and Lucille Sherman; Messrs. Dudley Kennedy, Ed Vos, Henry Harvey, Roman Vos, John Doyle, William Collins, Irving Walsh, Rudy Eckert, Charles Padock, Herman Holbek, Gus Teichert, Bill Meyers, Arthur Meyers, Tim O'Connell, Frank Walsh, William Dunworth and James Harvey.

Howard and Doris Nevitt underwent tonsilectomies at Victory Memorial hospital last week.

Miss Phyllis Stott of Grass Lake has returned from a week's vacation in northern Minnesota.

One Cup of Water . . .

It has been said that one cup of water will put out any fire, if it's applied at the right time. This year's wave of defense strikes, culminating in the use of armed troops to put a struck aviation plant back to work, inevitably recalls the old proverb.

The origin of the present trouble, which threatens the national security, are all too painfully apparent when the record of the past few years is reviewed.

A cup of water? Responsible authorities might have put out the fire back in 1937 when the "sitdown" strikes made their first appearance. There was a clear-cut violation of property rights, allowed to run its damaging and illegal course until public condemnation brought about the abandonment of the technique.

A cup of water? It could have been applied in the case of the one-sided Wagner Labor Relations Act, which was based on the theory that management was wrong in all industrial disputes. As far back as 1938, survey figures show, 70 per cent of the public wanted this one-legged legislation revised. But right up to the present time all suggested remedial amendments to the Act have been sidetracked by administration adherents.

Through these and many other cases of neglect, the conflagration has been permitted to spread. Now Walter D. Fuller, President of the National Association of Manufacturers, suggests three fundamental remedies:

1. A revamping of our national labor policy, including the Wagner Act, to end mass picketing and other forms of intimidation so as to guarantee both management and labor the right to work.

2. Backing up this policy with local and state law enforcement, instead of "dramatizing everything into a national issue."

3. Assuring employees the right to vote by secret ballot on strike issues. (A recent poll showed 78 per cent of union members themselves in favor of secret ballots.)

Such a constructive program could go far towards reducing the present difficulties to a minimum. The cup of water applied at an earlier time might have prevented today's fires; and the fact remains that now, when defense needs make a solution imperative, the same type of treatment is still best!

Built by Private Credit

This country was built by private credit. It has always been maintained by private credit. That is one

great difference between a democratic and a totalitarian state.

The money that built our vast industries—utilities, railroads, steel companies, oil concerns and the rest—came out of private pocketbooks, individual and collective. Government was never the dominant factor. In later years, government has expanded greatly in the role of "financier." Even so, private credit remains the bulwark of our social and economic system—the free enterprise system.

Let us remember that now. We will have won a hollow victory indeed if, when the wars are over and the defense drive has been consummated, we find ourselves with government as a financial dictator—the provider and controller of all credits. There is but one way that can be avoided—and that way is to depend upon private credit to the greatest possible extent, and to call upon government credit only when there is no other course open. Such institutions as the banks have declared their willingness to do the biggest financing job in their history, in the interest of defense. Let them do it.

A Real Threat

Behind the scenes in Washington today a titanic struggle is under way. The battle lines are drawn. On one side are those who would change our form of society. On the other side are business men who wish to organize the country's industrial machine for the greatest war aid, but who, after the war effort is over, wish to see a return to individual ownership and operation of industry. They fear, and rightly, that many moves in the war effort will result in a more or less permanent collectivist or socialistic framework of American society.

They fear deeply the possible destruction of the American way of life. They feel that it is a real threat, because some of our leaders, by their own admission, have lost faith in America before the present emergency arose, and are today in the Nation's distress, working for a new order of their own—an America of nationalized industry and agriculture, a regimented way of life.

The interventionists are not exactly consistent. They say in one breath the Nazis are destroying all the munitions we send to England and in the next that Hitler is about to start here with boatloads of men and munitions and can make the trip easily.

Let's hope the Nazi dictatorship and the Fascist dictatorship in Europe do not speed the setting up of some sort of dictatorship in America.

A lot of people in this country, who thought that they started on the road to Utopia eight years ago, now realize that it was a mirage and something akin to the end of the rainbow.

The President's method of trying to solve this administrative chaos is to pile new agencies and assistants on top of the old, without removing the debris.

CHRISTIAN SCIENCE CHURCHES

"Mind" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 24.

The Golden Text was "Who hath known the mind of the Lord, that he may instruct him?" (I Corinthians 2:16).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out! For who hath known the mind of the Lord? or who hath been his counsellor? For of him, and through him, and to him, are all things; to whom be glory for ever" (Romans 11:33, 34, 36).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Spirit is divine Principle, and divine Principle is Love, and Love is Mind, and Mind is not both good and bad, for God is Mind; therefore there is in reality one Mind only, because there is one God" (p. 330).

"Garden Chapel" is Being Arranged At Lake Villa Church

A garden wall between the Lake Villa Community church and the parsonage has recently been built, and when plants and shrubs are added to this "Garden of Memories" it will be a beautiful outdoor chapel. The idea is that of Rev. MacArthur, who has worked untiringly in all of this work, the digging, the pouring of concrete for the base and everything connected with the wall and garden. Much credit is due to Grant Miller for his efforts in securing the bricks and arranging with the brick layers for their work. Through his kindness, white ceramic glazed brick was secured to make a cross in the rear wall. Mr. McDivitt and his assistant, Mr. Berlin, showed much skill in the laying of the brick.

The wall is 30 feet long, with a middle section semi-circular in shape providing space for speaker in outdoor services. The two side wings are four and one-half feet high as compared to the seven and a half semi-circular center.

To the parties who contributed to this wall: E. J. Lehmann, Charles A. Anderson, Clare Sherwood, Henning Johnson and others, the Lake Villa church expresses appreciation, for it adds much to the beauty of the grounds. Church officers add: "Now, if you or your friends have plants or shrubs to contribute to this 'Garden of Memories' you may have a part in it and enjoy it with all who pass."

Home Bakery Sale
The ladies of St. Peter's church will hold a home bake sale at the Antioch News office on Saturday, Aug. 30, for the benefit of Mt. Carmel Cemetery Association.

Card of Thanks
We wish to thank all our friends, and in particular the members of the Antioch rescue squad, for their aid and kindness in our bereavement.

MEAT SCRAPS TESTED WITH CHICKS

Photos Courtesy Purina Biological Laboratories, St. Louis, Mo.
These chicks were used for testing two samples of meat scrap. The chicks on the right received a low quality sample. Their growth was slow. Those on the left received a high quality sample and their growth was rapid. This vast difference was caused by the quality of the meat products used in making the two meat scraps.

Iron Discipline Is Abandoned by Army

Salute Off Post No Longer Required of Privates.

WASHINGTON. — Proceeding on the theory that discipline must be built upon the intelligence, sportsmanship, individuality and group cooperativeness of the men in the ranks, the army announced the abandonment of the rule requiring saluting of officers off post and made other changes in custom in a new manual of military courtesy and discipline.

Hereafter the salute is authorized, but not required, off post.

Soldiers in mess halls no longer will be required to stop eating and sit at attention when an officer enters. They will remain seated and continue eating, except in the case of a soldier who is addressed, who then must stop eating and remain seated at attention until the conversation is completed.

The army also stated the correct method of displaying the national flag.

Henceforth the flag should be to the observer's left when it is hung from a wall. On a rostrum it should be displayed above and behind the speaker's stand. Suspended across a street, the stars should always point east, or north, and not west or south. The manual prescribes that the flag should never be used as a drape for a platform, desk, chair or bench.

In training troops, according to the manual, officers should bear in mind that "modern warfare requires self-reliance in every grade; individuals capable of independent thought and action, who are inspired by a distinct feeling that as an individual or as members of a unit they are competent to cope with any condition, situation or adversary."

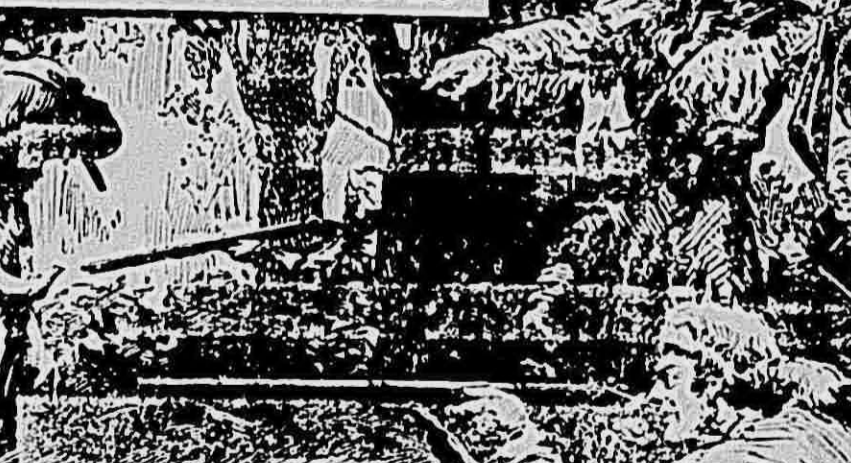

Woman Who Seldom Leaves

It's the woman who always stays and stays, the Divorce Reform league announced, reporting that records in the last year throughout the country reveal 71,546 men deserted their wives, but only 34 women walked out on their husbands. The number of missing wives increased 8 per cent, and missing husbands 3 per cent, the league said, and it suspects that in reality more than 34 women left home.

(continued from page 1)

First grade pupils will be excused for the day at noon Tuesday, but pupils in all other grades will return at 1:10.

The sale of school books will take place in the afternoon. All books will be on hand at this time, including new books and used ones turned in last spring. Each child turning in used books in the spring is given a proportionate credit toward new purchases in the fall.

Re-decorating Completed

The seventh and eighth grade rooms, first grade room and stage room, were re-decorated during the summer. With the completion of this work, the interiors of both the old and new buildings have been entirely re-decorated within the last two or three years.

Virgil Felter and Rollo Shultis were in charge of this work. Charles Anderson, school janitor, has been working all summer re-filling and re-finishing the floors in the old building. With the aid of a power mower, he has also kept the school lawns in excellent shape.

New shades have been put up in the office and the teachers' rest room and additional kindergarten tables and chairs have been purchased. A new reading table and eight chairs have been bought for the sixth grade.

New curtains have been put up on the upper windows along the front of the new building.

Other grade schools and the majority of rural schools in the vicinity of Antioch also plan to start their school year Sept. 2.

Mother of '41

Mrs. Dena Shelby Diehl of Danville, Ky., by marriage a great-granddaughter of Isaac Shelby, Revolutionary war hero and first governor of Kentucky, is the American Mother of 1941. She was extended this honor by the American Mothers' committee of the Golden Rule foundation, which annually sponsors the American Mother. Cited as being "representative of the best there is in motherhood," Mrs. Diehl is the mother of four grown children—all girls.

LABOR DAY

Antioch will join with the nation in paying tribute to the dignity of labor on Monday, September 1. In addition to the significance of the day, the holiday is one of the outstanding ones in the lakes region — the climax of summer's pleasure, and the beginning of autumn enjoyment in the great outdoors lakes "playground" area.

Yesterdays

47 YEARS AGO
In the Antioch News
August 30, 1894

Evangelist Sunday (ex ball tosser) and family have been spending some time at resorts in the Channel Lake vicinity.

When Chris Sorrenson and Frank Peterson were returning from the lakes, about 1 o'clock Saturday morning, they discovered fire in the new jewelry store of C. H. Barber on Main street. A bucket brigade aided them in quenching the fire.

The pleasant home of Mr. and Mrs. Robert Selter, at Grass Lake, was the scene of gay festivities on Wednesday evening, Aug. 29, the occasion being the fifth anniversary of their wedding day.

Work on the Woodmen's hall at Wilnot is progressing rapidly.

August 30, 1906

Woman's dress has become extravagant and immodest, declares a New York writer, who says, "The woman who might have dared to walk upper Broadway of a summer afternoon, ten years ago, wearing a 1906 waist so thin and transparent that a lace curtain would be opaque beside it, would have excited the scorn and disgust of her sex."

The two weeks' outing of the twenty choir boys of St. Martin's Episcopal church of Austin ended abruptly when Mrs. G. L. Getis, proprietor of the Lake Shore house at Crystal Lake, ordered them out of her house because of their pranks. According to Mrs. Getis the boys threw apples through the windows of the hotel, disfigured the rooms of the hostelry by throwing decayed fruit against them, tied up all the bedding they could find into hard knots, removed the furniture from one room to another, and carried two calves to the upper floors of the hotel and turned the animals loose, creating a panic among the guests.

Large forces of men are toiling day and night to complete the new Fox river dam at McHenry.

22 YEARS AGO
August 28, 1919

Work is to begin this week on the remodeling of St. Ignace's church. This old building, at one time belonging to the Campbellites, and built in 1862, was purchased by the Bishop of Chicago for an Episcopal church four years ago. Since the present congregation has occupied the building much money has been spent in improving the interior. The old tower is to be torn down and a twelve-foot-square tower is to be built out in front of the entrance. Although this old church has stood for more than half a century, it is still in a most excellent state of repair.

Sealed bids will be received by officials of the town of Antioch for grading the Pikeville-Milburn road.

J. N. Baert has purchased of Mrs. Alice Hayes her store building on Main street, which was formerly occupied by A. M. Hillebrandt as a shoe store.

Howard E. Lyons of Ontario, Ill., and Miss Dora Ellen Van Duzer of Salem were quietly married last Wednesday at the parsonage of the Park Avenue Methodist church, Kenosha, the Rev. O. W. Taylor officiating. A military touch was given to the occasion by the soldier uniform of the bridegroom, who returned home last week after serving 14 months in France.

At the Majestic theatre, Lillian Gish in "D. W. Griffith's 'The Sign of the Cross'" at the Crystal, Mary Pickford in "Daddy Long Legs" is coming to the Antioch. "The Japanese Nightingale," "First Love" with Irene Castle, "The Divorcee" with Ethel Barrymore.

The Antioch Grade school building is being extensively repaired and remodeled.

MILLBURN

The Millburn Maidens' club exhibited their projects at the Lake County fair.

Miss Phyllis McClure of Gurnee was a week-end guest at the home of Beryl Bonner.

Mr. and Mrs. Yerrill Lohmeyer and sons, Delmer, Dwight, Donald and Everett of West Lebanon, Ind., and Mr. and Mrs. Earl Turnbaugh and family of Libertyville were dinner guests at the Harley Clark home Sunday.

Jim Bonner, who has spent the past six weeks at the home of his uncle, Gordon Bonner, returned to his home at Kansasville, Wis., Wednesday.

The Rev. Philip Willenhaus of Atlanta, Georgia, had charge of the morning services at Millburn church Sunday morning.

Miss Margaret Denman returned home Friday after spending a week in camp at Snaw Lake, Wis.

Miss Marian Edwards spent Friday afternoon in Chicago.

Mr. and Mrs. J. Kahf and Miss Gertrude Kramrey of Libertyville were dinner guests at the Frank Edwards home Sunday.

Mrs. Marie Edwards returned home Friday after spending several days with her daughter, Mrs. John Dickey in Forest Park.

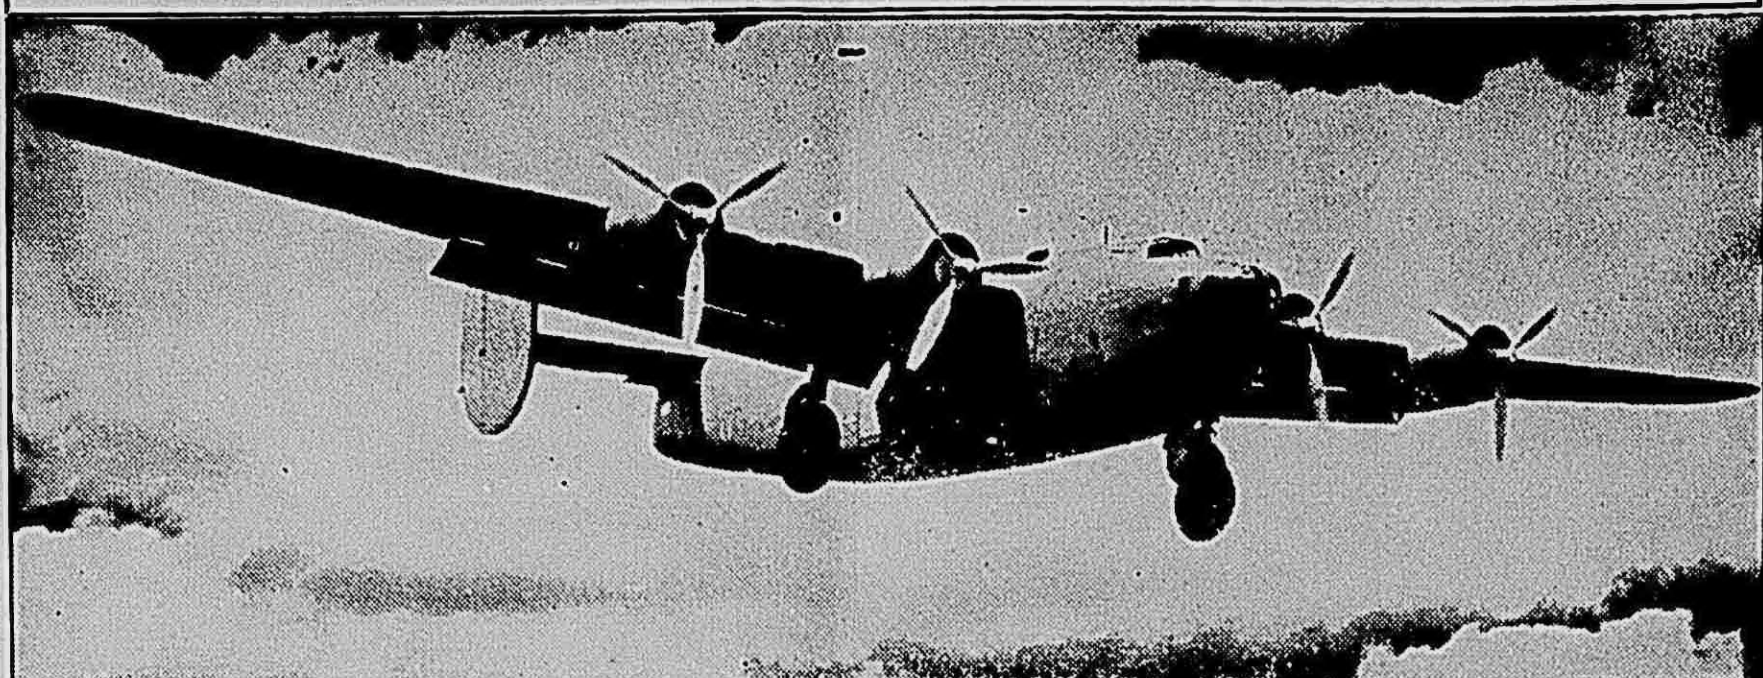

Miss Ruby Gillings spent Thursday with her sister, Mrs. Frazier Hollenbeck, who is visiting at the O. L. Hollenbeck home.

DEARBORN, Mich.—This big aerial dreadnaught coming out of the clouds for a landing at Ford Airport is the new Consolidated B-24. It is regarded by the U.S. Army as the world's most formidable bomber. The Ford Motor Company, under government contract to produce sub-assemblies and parts for five complete B-24D bombers a day, is erecting an \$18,000,000 plant for the job, 25 miles from here.

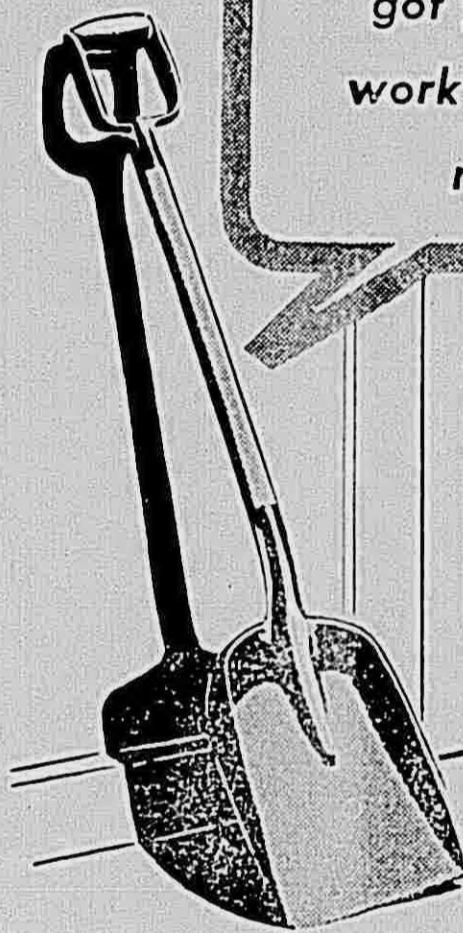

Henry Ford examined this huge bomber when it visited Dearborn recently. It weighs 56,000 pounds loaded and carries four tons of bombs at a speed of 300 miles an hour. The ship has a cruising range of 3,000 miles.

The close-up photo (right) of one of the plane's main landing struts indicates its great size. This gear which folds into the wing is one of the intricate sub-assembly projects Ford will handle.

GAS HOUSE-HEATER

Amazing new unit provides uniform automatic heat...can be used in hot air furnace or hot water boiler—operates on special low gas-heating rate.

With a detachable, automatic Gas House-Heater your Fall (and Spring!) furnace worries are over. For up to the time when real cold winter weather sets in, this amazing unit will maintain uniform temperatures automatically. You simply place the heater in the door of your furnace—set the thermostat to the temperature you want—then forget it. When the weather gets chilly, the heater operates automatically as long as heat is needed. And when the weather gets warm again—the heater shuts off.

The entire unit weighs less than 14 pounds. You can attach or remove it with ease...no nuts, bolts or wrenches required—no pipes to disconnect. It does not interfere with regular winter furnace operation, nor does it require any alterations to furnace, grates or fire box.

Hundreds of satisfied users have said goodbye to fall furnace worries. Why not you? Write, phone or come in for full particulars—now.

Only \$49⁵⁰

Ready for use...including automatic thermostat control.

It was swell while it lasted. Days of carefree idling . . . out under the open sky, playing, dreaming, laughing and wishing that vacation would last forever. But, of course, every vacation comes to an end and back you go to your everyday life. Sometimes it is hard to adjust yourself—so many things to be done, so many details that need arranging, getting your household in shape, the children ready for school, shopping . . .

That is where the News comes in. Yes, we can take the shopping burden off your shoulders—that is what newspaper advertising is for. Instead of making long, arduous trips and shopping many stores for one article, you can pick up a copy of the Antioch News and find not only what you are looking for, but find the best of its kind, at the lowest possible price. The advertising in the Antioch News is a shopping guide, devised for your convenience.
